

Fortune Beach

The game is a program with five reels and four winning lines, the lines forms four rows. The purpose of the game is to roll out three or more sequential symbols as many as possible on the winning rows.

Playing the game

At the beginning of the game we can set the value of the bet with the BET button. The value of the bet is deducted from the CREDIT after pressing the START button, the five reels starts to rotate and within a short time they will stop one by one. By pressing the HOLD button any reel can be stopped. The winning combination is not necessary to start on the left side, but the similar symbols must follow each other. If there was a winning combination, then its value appears in the WIN field, with the START button it goes to the CREDIT field or with the BET button to the doubling game.

Free spin

If on any reels the FREE SPIN (surfer) symbol appears, ten free spins is the reward. During the free spins, there is no bet deduction and for winning it is not required that the symbols has to follow each other, it is enough if there are three or more similar symbol on the same row.

Bets and reward multipliers

If during the rotations five BONUS (Sun) symbol occurs on one row, then the reward will be the value on the left side of the given row, which is recalculated for every rotation.

The lowest and highest limit of the selectable bet is adjustable by the operator. To see the Paytable press the HOLD4 button or on dual screens it is displayed on the second monitor. The base of the rewards is the sum of all bets, the price of one rotation. Only three or more similar symbols on the same row win.
