

Honey King 20

The game is a program with five reels and twenty winning lines, in which the computer simulation of the traditional engine powered reels realised. The purpose of the game is to sort out as many as possible similar symbols on the winning lines.

Playing the game

At the beginning of the game we can set the number of winning lines and the value of the bet with the BET and HOLD5 buttons. When changing the lines, the winning lines are displayed on the game field. The value of the bet is deducted from the CREDIT after pressing the START button, the five reels starts to rotate and within a short time they will stop one by one. With the HOLD5 button the reels can be stopped. If there was a winning combination, then its value appears in the WIN field, with the START button it goes to the CREDIT field or with the BET button to the doubling game.

Wild

The WILD (King) symbol replaces any symbol on its own and the below places, except the SCATTER (Queen) and alone it is a reward also.

Scatter

When the SCATTER (Queen) symbol appears, then it opens a closed flower petal under it. If all of the flowers are open, the Collective Bonus game begins.

Collective bonus

First on the appearing screen the player must select 2, 4, 6, 8 or 10 pieces – depending from the number of the areas where the flowers opened – from the side honeycombs with the HOLD1 – HOLD5 and the START buttons and this will give the number of the free spins (5 - 25). From the inner honeycombs only one is selectable, it will give the multiplier value during the free spins. After the selection, the spin begins. If during the free spins in any area all of the flowers are opened, then ten more free spins is the reward.

HONEY bonus

If on a winning line the HONEY word appears, this triggers the bonus game. The player must choose three from the seven flowers. The reward is the sum of the point values of the selected flowers.

Bets and reward multipliers

The lowest and highest limit of the selectable bet is adjustable by the operator. To see the Paytable press the HOLD4 button or on dual screens it is displayed on the second monitor. The base of the rewards is the line bet.
