

Hot Rod Shop

The game is a program with 4 reels and 81 winning lines, in which the computer simulation of the traditional engine powered reels realised. The purpose of the game is to sort out four similar symbols on consecutive reels.

Playing the game

At the beginning of the game the player can set the actual value of the bet with the BET button. The value of the bet is deducted from the CREDIT after pressing the START button, the four reels start to rotate and within a short time they will stop. If there was a winning combination, then its value appears in the WIN field, with the START button it goes to the CREDIT field or with the BET button the prize is transferred to the doubling process. If no winning combination is achieved, a new game starts at the prize of the bet by pressing the START button again. During the game all of the eighty one winning lines are always active.

Bets and reward multipliers

The lowest and highest limit of the selectable bet is adjustable by the operator. To see the payable press the HOLD4 button or on dual screens it is displayed on the second monitor.
