

## Reel Classic

The game is a program with three reels and five winning lines, in which the computer simulation of the traditional engine powered reels realised. The purpose of the game is to sort out three similar symbols on the winning lines.

## Playing the game

At the beginning of the game we can set the value of the bet with the BET button. When changing the lines, the winning lines are displayed on the game field. The value of the bet is deducted from the CREDIT after pressing the START button, the three reels starts to rotate and within a short time they will stop one by one. With the HOLD buttons the reels can be stopped. If there was a winning combination, then its value appears in the WIN field. This prize can go to the CREDIT with the START button or with the BET button to the doubling game.

## Bets and reward multipliers

The lowest and highest limit of the selectable bet is adjustable by the operator. To see the Paytable press the HOLD4 button or on dual screens it is displayed on the second monitor. The base of the prize is the sum of all bet – the price of a spin. Only three similar symbol on the same line wins. The fruit reward has equal value on every line, the Seven, Star and Bar reward value depends from its location.
